CURE FOR EAR ACHE. Take a small piece of cotton batting or cotton wool, making a depression in the centre with the end of a finger, and fill it with as much ground pepper as will rest on a five cent piece, gather it into a ball and tie it up, dip the ball into sweet oil and insert it into the ear, covering the latter with cotton wool, and use a bandage or cap to retain it in its place. Almost instant relief will be experienced, and the application is so gentle that an infant will and others. Also, at the same time and place, not be injured by it, but experience relief as a TRACT OF LAND on Broad Run, about well as adults.

A SPECIFIC.

The medical profession are generally severe on specifics, yet sometimes recommend them. The London Scalpel, high medical authority, gives the following as a cure for small-pox and scarlet-lever: Sulphate of zinc, one grain; loxglove (digitalis,) one grain; half a teaspoon ful of sugar; mix with two teaspoonsful of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child, smaller doses according to age. It states that if countries will compel their doctors to use this there would be no need of pest houses.
